What is OSSMax DHA?

OSS Max DHA is a powerful combo of calcium & vitamin D with DHA for bone health. It's a healthy support for women and men dealing with orthopaedic issues.

What is inside?

CALCIUM CARBONATE

- Calcium carbonate has the highest content of elemental calcium
- Calcium is important for building and keeping strong bones.
- Help to transmit impulses through your body.
- On an atomic level, calcium ions are used to trigger nervous and muscular activity.
- Helps to relieve PMS(Premenstrual symptoms, such as bloating, and mood swings)

Cholecalciferol (Vit-D)

- Prevent hypocalcemic tetany
- Enable normal mineralization of bone, together with calcium, and vitamin D.
- Helps protect older adults from osteoporosis.

DHA (Docosahexaenoic acid)

- An omega-3 fatty acid is often recommended for women during pregnancy.
- Prevent certain health problems associated with pregnancy, such as preeclampsia.
- Preventing miscarriage and early delivery.
- DHA is essential for the neurological and visual development of a developing child.
- DHA during pregnancy helps to reduce the risk of postpartum depression.
