

Prevate

Formula For Healthy Pregnancy

Benefits:

- ▶ Folic acid in Prevate reduces the risk of birth defects like cleft lip, cleft palate, and certain heart defects.
- ▶ Prevate combats the adverse effects of vitamin and mineral deficiencies on both mother and fetus during pregnancy.
- ▶ The iron in Prevate is a well-tolerated form, aiding mothers and babies in achieving their necessary iron intake.
- ▶ A unique combination of 11 essential vitamins and minerals ensures comprehensive nutritional support.
- ▶ Prevate is odorless and tasteless, enhancing patient compliance with no unpleasant aftertaste.
- ▶ Sugar-free formulation makes Prevate a suitable option for gestational diabetes-prone patients.
- ▶ Provides efficient support during the fluctuating and unbalanced periods of pregnancy.
- ▶ Helps bridge nutritional gaps and delivers higher amounts of key nutrients crucial for maternal and fetal health.
