

# Covia

*Nitric Oxide Booster For Erectile Dysfunction.*

## Best For

- ▶ Erectile Dysfunction
- ▶ Prolonged Erections
- ▶ Improve Sexual Health

## Cardiovascular Benefits

### 1- L-citrulline supplementation:

- Improves arterial stiffness
- Decreases lipoprotein oxidation
- Reduces ankle blood pressure
- Lowers carotid wave reflection

### 2- L-arginine effectiveness

- Improves nitric oxide (NO) production
- Enhances cardiovascular function
- Helpful in conditions like hypertension, heart failure, atherosclerosis, diabetic vascular disease, and ischemia-reperfusion injury

### 3- Benefits of Grape Seed:

- Beneficial for individuals with modifiable risk factors of cardiovascular diseases
- Particularly effective for hypertension and high plasma lipid levels

### 4- L-citrulline supplementation:

- Combination of L-Arginine + L-Citrulline is more effective than L-Arginine alone
- The Latest ED Treatment Option
- The Unique & Latest complex is NO Booster
- Innovative, Safe and effective supplement for ED Cardio protective .

# Latest ED Treatment Option

The combination of oral Arg and Cit (Arg Cit) immediately and synergistically increases plasma Arg and nitrite/nitrate (NOx) concentrations more than either Cit or Arg alone.

## What does COVIA Contain?

Nitric Oxide Booster.

## Ingredients:

- L-Arginine
- L-Citrulline

## Why L-Arginine + L-Citrulline + Grape Seed Extract + Piperin (Blackpaper) ?

L-citrulline and L-arginine supplements have been found to quickly and efficiently boost the availability of nitric oxide (NO) and concentrations of cyclic guanosine monophosphate (cGMP). What sets L-citrulline apart from L-arginine is that it doesn't undergo initial metabolism in the liver, nor is it metabolized by intestinal bacteria.

## The Power of Grape Seed Extract and L-Citrulline Supplements:

Grape seed extract (GSE) and L-citrulline supplements are recognized for their ability to improve the availability of nitric oxide (NO) and support endothelial-mediated vasodilation, which enhances blood vessel function

## The Protective Power of Piperine

Piperin(blackpaper) has been reported to have potency in protecting nitric oxide from reactive oxygen species and increasing endothelial nitric oxide activity that has an important role in the erection mechanism.

## Composition:

### Each tablet contains:

- L-Arginine (USP)
- L-Citrulline (USP)
- Grape seed extract (USP)
- Black pepper Extract (USP)

## Dosages:

1 Tablet Twice daily OR As directed by the physician

## Composition:

### Each tablet contains:

L-Arginine (USP).....	1000 mg
L-Citrulline (USP).....	200 mg
Grape Seed Extract (USP).....	60 mg
Black Pepper Extract (USP).....	2 mg
